CLASS MEMBER OBJECTION TO SETTLEMENT

MAR - 4 2016

JAMES N. HATTEN, Clerk
By  Deputy Clerk

Reference is made to paragraph 2.2(c) of the Class Action Settlement and Release filed 1/18/16 in the above action for this filing.

Objection is made to the Cy Pres disposition of the residual unpayable settlement funds. Settlement funds are inherently designed to be financially punitive against the non-prevailing case party. Exparte' diversion of these "left-over" monies, defeats the spirit of the action to compensate those Class Members who have had unreimbursed out-of-pocket expenses which were not legal or ethical in the actions of the non-prevailing case party.

After the statutory time for all included, any unspent funds should be pro-rata re-divided equally among all Class Members who already have been rightfully compensated.

Respectfully submitted,

Robert M. Balick
